

Farm the Far Frontier - interstellar open-world farming adventure *Lightyear Frontier* comes to Xbox

<https://lightyearfrontier.com/>

Skövde, Sweden – June 12, 2022... During today's Xbox & Bethesda's Games Showcase, FRAME BREAK and Amplifier Game Invest revealed that *Lightyear Frontier* – a peaceful open-world farming adventure on an alien planet – will launch on Xbox and PC in 2024, and will be available day one via Game Pass.

Lightyear Frontier is a peaceful open-world farming adventure on a planet at the far edge of the galaxy. Start your new home on a distant planet with up to three friends as you farm alien crops, build your own homestead, and explore the untamed wilderness of the world.

Watch the *Lightyear Frontier* trailer that debuted during the Xbox & Bethesda Games Showcase now.

Joakim Hedström, CEO of FRAME BREAK, said:

"We're beyond excited to share what we feel is a fresh take on the farming genre, taking aspects from what's normally quite hectic games like shooters and survival games and recontextualising them in a chill and peaceful experience. We can't wait to get our game into players' hands and see what they will create."

Denis Ferrier, Head of Publishing at Amplifier Game Invest, said:

"The vision that FRAME BREAK has for *Lightyear Frontier* is unique, and we are excited to support them on a project that breaks new, interstellar ground in the farming adventure genre. Stay tuned for Gamescom in August where we will be sharing even more exciting news about our plans for *Lightyear Frontier*"

Lightyear Frontier from FRAME BREAK and Amplifier Game Invest comes to Xbox and PC in Spring 2023, and will be available day one via Game Pass.

About Frame Break

FRAME BREAK is a small studio founded in 2020, based in Skövde, Sweden. Part of Amplifier Game Invest, FRAME BREAK aims to create games that break the mold of pre-established game genres. FRAME BREAK is building a studio environment where everyone has creative input and can influence the game beyond their own disciplines.

About Amplifier Game Invest

Amplifier Game Invest is an operational division of Embracer Group. We have the ambition to build one of the most attractive homes for passionate game developers and their studios, empowering their aspirations and creativity for sustainable, long-term success. To reach this goal, we invest in game studios, developers and their designs to support them in becoming creatively and financially successful through the development and sales of great game experiences. We leverage our game industry experience to mentor, encourage and challenge our studios and be active members of the global game development community.
